

FUN IN CANBERRA!

During the last week of term 3 the year 6/7 students travelled to Canberra by bus to learn about Australia's History and Democracy.

I was really looking forward to going to Canberra because I knew it would be a great experience, although I didn't want to go on the bus because it was going to be long and boring.

On the Flexibility test at the AIS 😊

While we were there we got to go into a room and it had sports activities and games in it. To finish off our tour we got to spend two lessons with Mr Hehner playing on the courts that were used in the 2000 Sydney Olympics. I played with Jade, Alex, Taj, Damon, Zoe, and Mathew, our team was called the Volley-7's and we won 1 game and lost 2.

The bus trip back was a great experience although I slept most of the trip. On the bus trip home we stopped at a road house at 7pm for dinner and I got subway. I sat next to April and Taj and Alex sat behind us. For the first few

Holding a snake at the zoo 😊

On Thursday we went to the AIS (Australian Institute Of Sport). I really enjoyed going to the AIS because it was a really good experience to see where some of the famous sports players have trained.

hours April, Taj, Alex and I played a game called "Would You Rather". At 10pm we had to go to sleep or talk quietly to a friend. I went to sleep and woke up at each stop and then at 7am we arrived at school.

I thought Floriade was really fun and exciting. At Floriade we got to go on a Ferris wheel. I was with Zoe, April and Jade and at the start Zoe stood up and shook the pole in the middle of the cage. After when the Ferris wheel was done we got to walk around and buy food. I brought some candy and so did Jade and April.

Overall I thought the trip went well and I really enjoyed it. The only thing I would change would be the food because the food was very gross and some of the stuff wasn't cooked properly. I would do it again if I could.

Feeding a tiger at the zoo

Building places with Lego at the National Exhibition Centre.

On the swing at the acorn playground!

At Questacon
