

To Canberra and Back

Starting on the Monday of the last week of the term, the majority of the year 6/7s went on a trip to Canberra. We went to Canberra on an educational experience to learn about Democracy and History.

About to leave!

Leading up to going to Canberra I was very excited and a bit nervous, because I wasn't sure what to expect, but as soon as I got on the bus I knew this was going to be amazing! And it was.

One of my favourite places we went to was going to was Parliament House. It was a great

experience to just be where the most important decisions are made. The Parliament House was so well designed it was just amazing! The favourite part we did in my opinion while we were there was when we were on the grass roof of the Parliament House. It was an amazing view.

National Expedition

After we finished going to the zoo we went to the AIS and that stands for Australian Institute of Sport. At first we had a tour of most of the building then we played volleyball with our PE teacher (Mr Hehner) on one of the

best courts in Australia. We all had

different groups, the group I was in was called the "Volley 7s"

The War Memorial was most likely my favourite place we went on out of all the places we went to in Canberra. It was such an amazing place to be at, I learned a lot of things about the Wars. It was interesting and fun at the same

we didn't win that much but we did okay.

time. The things they had there were truly incredible.

Going to Canberra was a great experience and my favourite school experience and I really hope that I can go back, someday in the future!
