

EVERYONE BELONGS

Celebrate the unique cultures that make up Woodend PS

Woodend PS is providing an exclusive opportunity to current students the opportunity to design Woodend's own 2018 Multicultural Heritage Flag.

The specially designed flag will be flown on our new flagpoles for 2018.

DESIGN BRIEF

The flag design can be entered in any size but the length must be twice the width. We are looking for artwork that reflects the designers impression of the Woodend communities rich and diverse multicultural background. The design of the flag is to remain predominantly either navy blue or yellow with the school logo clearly visible.

A .png file of the school logo, is available here to include:

Certain design elements may be altered slightly in production.

To enter the competition, create your artwork with the theme of 'Everyone Belongs', and send it to with your application form. The school's wellbeing committee will judge the designs and narrow to 5 designs. The top 5 designs will then be voted on by the student body.

So, get creative and celebrate our school community's diverse make up and our identifiable colours with your own design.

Entrants are encouraged to ensure that elements of their design which are borrowed from other cultures are done so in a respectful way and permission is obtained where appropriate.

The competition closes on Friday 22 June (Week 8) at 2.30pm

FLAG SPECIFICATIONS

- **Please keep to scale using the template provided**
- **Final artwork will need to be provided as high resolution pdf**
